Fosun Kite on the MIT Technology Review "50 Smart Companies" List

Today, MIT Technology Review, the internationally renowned technology magazine, officially unveiled the "50 Smart Companies" (TR50) list in 2019, covering new technologies such as the Internet, AI, finance and life sciences. Fosun Kite, committed to promoting the industrialized and standardized development of tumor immune cell therapy, is on the list.

As a leading company in the cellular immunotherapy industry in China, Fosun Kite is committed to the industrialization and standardization of the industry for the benefit of Chinese patients. At the same time, as a high-standard and high-quality cell therapy innovation enterprise, Fosun kite spares no efforts to continuously engage in innovation, create a sustainable product pipeline, and strive to cure cancer patients.

The Brand Value of Yuyuan Reached 66.385 Billion Yuan! Ranked 76th in China's 500 Most Valuable Brands

On June 26, 2019, the World Brand Conference was held in Beijing. During the event, the report of China's 500 Most Valuable Brands in 2019 was released. On the basis of financial analysis, consumer behavior analysis and brand competitiveness, the report ranks China's top brands and has been published for 16 years. On the list, Yuyuan was ranked 76th, with a brand value of 66.385 billion yuan, an increase of 23.2% over last year. This is the first time that the company has participated after completing asset restructuring.

With a long history as Shanghai's old city, Yuyuan will continue to move forward with rich heritage of brands and happiness culture which are passed down over the past hundred years, so as to create a life style of happiness and fashion for hundreds of millions of families around the world.

Fosun and Everbright Group Signed a Strategic Cooperation Framework Agreement

On June 14, Shanghai Fosun High-Tech (Group) Co., Ltd. ("Fosun") and China Everbright Group signed a strategic cooperation framework agreement in Shanghai.
